LETTER OF INVITATION

The Czech Tunnelling Association ITA-AITES cordially invites you to 16th International Conference entitled "Underground Construction Prague 2026", which will take place from 24 to 27 May 2026 in Prague.

This international conference is one of the series of conferences "Underground Construction Prague", which are held regularly every three years. Participants of past conferences enjoyed the scientific programme, venue and social programme. The conferences have been attended by distinguished international experts in the field and we look forward to prominent guests also in 2026. For these reasons, "Underground Construction Prague" can be considered as one of the key events of 2026 in the discipline of underground construction.

The joint conference will be held at the Clarion Congress Hotel Prague and will include a technical exhibition and a poster session. The social evening will once again be held in the exceptional and popular setting of the Břevnov Monastery in Prague 6.

We are looking forward to your active participation and exchange of new information and experience.

Ing. Ivan Hrdina
Chairman of the Czech Tunnelling
Association

doc. Ing. Alexandr Butovič, Ph.D.
Chairman of the Preparatory
Committee

prof. Ing. Matouš Hilar, Ph.D.
Chairman of the Scientific Council

GENERAL INFORMATION ABOUT THE CONFERENCE

Conference name:	Underground Construction Prague 2026
Conference date:	May 24–27, 2026
Conference venue:	Clarion Congress Hotel Prague Freyova 33, 190 00 Praha 9 – Vysočany www.clarioncongresshotelprague.com/en/
Official languages:	English and Czech/Slovak – simultaneous translation will be provided

The Clarion Congress Hotel Prague is a modern hotel complex designed for congresses and conferences.

At the same time, it offers comfortable accommodation in well-appointed rooms, along with a restaurant, bar, and wellness center. One of its main advantages is excellent transport accessibility – it is located directly at the “Vysočanská” metro station (line B), less than a 15-minute drive from the city center.

The hotel also offers ample underground parking for guests arriving by car. Right next to the hotel is the Fénix shopping gallery.

SCIENTIFIC PROGRAMME

Thematic Sessions:

1. Conventionally excavated tunnels
2. Mechanically excavated tunnels
3. Other underground structures, repositories, reconstructions and history
4. Geotechnical investigation and monitoring
5. BIM, numerical modelling, research and development
6. Equipment, operational safety and maintenance
7. Risk management, contractual relationships and funding

OTHER SPONSORSHIP OPPORTUNITIES

HOTEL CONFERENCE WI-FI NETWORK PARTNER

1 100 EUR

- Wi-Fi network branded with sponsor's company name
- Link to the partner's website when connecting to Wi-Fi network
